

Navigation Notice No 9 of 2019

Environmental monitoring equipment at Nigg Bay Aberdeen

Notice is given by Dragados UK to install environmental monitoring equipment for the dredging operations in Nigg Bay on or around 25th April 2018

The following equipment is to remain in place over the winter period:

- Two C-PODs

C-POD Northern Location 57°08.215'N 002°02.200'W

C-POD Southern Location 57°07.811'N 002°02.211'W

The C-pod monitoring equipment consists of a unit lit 8 inch orange trawl float, connected to an anchor, the monitoring equipment is housed within a plastic pipe and is located on close to the seabed.

This equipment is located within the AHEP construction boundary, all associated vessels are aware of the position of the unlit trawl float.
